**Thanks again to Jim Norcutt and Arlen
Harbaugh for upgrading the charging
station to 24Vs**

It's just awesome.

Check *slack* for updates in case something changes.

Have fun at the field while the boss and I are away and Thank you all for making our last picnic so successful! We haven't had that many club members at a picnic in over 2 years now and the weather was perfect!

The next one should be even bigger. :)
